ARCHAI-PLAN | COMPONENT 3 — ESAI-ENGINE

INTERIOR DESIGN & MEP SPECIFICATION REPORT

Authoritative Spatial Optimization & Technical Schedule • Single Room Scope (Formal Living Room)

Project Name:	Skyline Executive Residence	**Design Revision:**	Rev 3
Project ID:	f7bf632f-1e51-451a-a7e5-5cf3d2c89802	**Geometry Revision:**	Rev 1
Report Scope:	Room	**Preference Revision:**	Rev 2
Generation Date:	2026-10-23 15:23:10 UTC	**Document Status:**	**DRAFT / UNVALIDATED**
Author / System:	ArchAI-Plan ESAI-Engine Audit Team	**Rooms Included:**	1 Rooms

Notice: This document contains verified ergonomic spatial layouts, room furniture schedules, finishes, and conceptual MEP provisions synthesized through the ESAI Genetic Algorithm. All electrical socket locations and plumbing provisions are conceptual requirements and require licensed contractor sign-off. **Absolute Exclusion:** This report contains no commercial valuations, monetary assessments, or financial provisions.

DRAFT / UNVALIDATED

1. Table of Contents & Spatial Directory

Section	Description	Status
1. Executive Spatial Overview	Master JSON geometry metadata, revision tracking, and project statistics	Included
2. Client Preferences	Interior aesthetic style, palette, and mandatory room provisions	Included
3. Room Design Specifications	Vector 2D drawings, 3D views, furniture, MEP, finishes & ergonomics	1 Room(s)
4. Technical Disclaimers	Professional MEP coordination notices and zero-cost exclusion declaration	Mandatory

Floor & Room Directory

Floor	Room Name	Type	Floor Area	Net Wall	Design Status
Ground Floor	Formal Living Room	Living Room	30.00 m²	58.27 m²	Rev 3 (Saved)

DRAFT / UNVALIDATED

2. Project & Spatial Overview

This interior report documents the authoritative design generated for project **Skyline Executive Residence** (ID: `f7bf632f-1e51-451a-a7e5-5cf3d2c89802`). It encompasses **1** analyzed room(s) derived directly from the central vectorized Master JSON model.

Floor	Room ID	Room Name	Type	Area (m²)	Items	Status
Ground Floor	RM_LIVING_01	Formal Living Room	Living Room	30.0	2	Configured
Total	-	**1 Rooms**	-	**30.0 m²**	**2**	-

3. Client Design Preferences

The spatial layout was generated following the registered client preferences:

Preference Category	Configured Setting	Applied Scope
Room Overrides	Individual room furniture quantities and exclusions registered	Room Specific

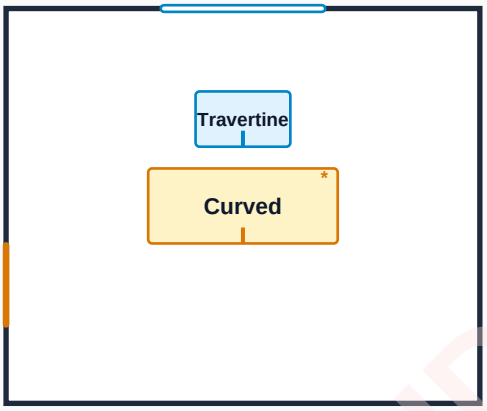
DRAFT / UNVALIDATED

Room Specification: Formal Living Room

Room ID: RM_LIVING_01 | **Type:** Living Room | **Floor:** Ground Floor | **Floor Area:** 30.00 m² | **Perimeter:** 22.00 m | **Net Wall:** 58.27 m² | **Ceiling:** 2.80 m | **Revision:** Rev 3

2D Architectural Layout Drawing (Vector)

Formal Living Room (30.0 m² • 6.00m × 5.00m)



Wall | Window | Door | Furniture | Locked (*) | 0 1m

Scale: Fit to Page (Approx 1:96) — NOT TO SCALE

3D Perspective View (Interactive Session Capture)

No interactive 3D viewport capture was provided for this room during export. Open the room in the 3D Interior Viewer to capture realistic perspective renderings.

Furniture & Fixture Schedule

Item Name	Catalog ID	W×D×H (m)	Pos (X,Y) / Rot	Material / Finish	Status
Curved 3-Seater Sofa	sofa-3seat-01	2.40×0.95×0.82	(3.00, 2.50) / 0°	Italian Bouclé Fabric	Locked
Travertine Coffee Table	coffee-table-01	1.20×0.70×0.42	(3.00, 3.60) / 0°	Natural Roman Travertine	Normal

Surface & Material Finishes

Surface	Finish Name	Category	Color / Tone	Est. Area
Wall	Smooth Emulsion Paint	Paint / Wall Covering	Neutral	58.3 m²
Floor	Ceramic Tile	Flooring	Standard Finish	30.0 m²
Ceiling	Smooth Plaster Board	Ceiling Finish	White Matte	30.0 m²

DRAFT UNVALIDATED

Appendix: Technical Assumptions & Disclaimers

• This interior layout report is conceptually synthesized based on algorithmic ergonomic principles (Neufert standards) and client preferences.

• All electrical socket locations, lighting fixtures, and plumbing provisions are conceptual requirements and DO NOT constitute certified MEP construction installation drawings.

• All physical MEP provisions must be independently reviewed, coordinated, and approved by licensed electrical and plumbing contractors prior to rough-in.

• Room boundary geometry and window/door openings represent the authoritative structural model from projects.master_json.

• Absolute exclusion: This report contains no commercial valuations, monetary assessments, or financial provisions.

Project Notes:

Draft sample verifying diagonal draft watermark, Neufert citations, and GA metrics.
